- Update of a "First Steps" manual and of the installation manual for the product Signastation
- Translation of the manuals into English, Spanish, and French

Topics

- Software for digital cameras
- Software for electronic sheet assembly

Languages

German, English, French, and Spanish

Volume

Update of 4 manuals

Additional Information

ExperTeach GmbH adapted its workflow to the specifications and templates provided by Heidelberger Druckmaschinen in terms of the layout and setup of the manuals, DTP environment, and terminology. As a result, the manuals created could seamlessly be integrated into the documentation concept of Heidelberger Druckmaschinen AG.
